The Morrow County Pork Producers are sponsoring Bred, Born, and Raised in Morrow County (BBR) market and breeding classes. BBR Market Hog classes will be made up from the hogs **that have been checked as county raised** in FairEntry by June 7th. Swine BBR market classes will be limited to two entries per exhibitor and the decision as to which animals will be placed in the BBR class will need to be made at the fair weigh in.

-The show will run by breed and split into weights if necessary.

-The BBR hogs will all come back to show on Saturday, including the Champion and Reserve.

-The BBR champions will follow the Grand and Reserve Champions in the sale lineup.

-The **BBR & Breeding will show at the same time.**

-The Pork Producers are furnishing all awards for the BBR Gilt classes

-The BBR Champions and the Breed Champions will show for Grand and Reserve Champion Overall.

GENERAL RULES

1. Fair weigh in will be the first Monday of fair, between 2:30-7:30 pm at the scales designated for Hogs. **Market Swine will be weighed once to determine the official weight for the fair. Any discrepancy of weight shall be decided and settled while the animal is on the scales.** If there are no breed registration papers shown the hog will be placed in the crossbred class. The hog must have a legible tattoo, tag, or ear notch that matches what is on the registration form.

2. All market swine must have a measurable ½” of body hair on the entire body except for the tail and ears which may be of shorter length.

Hair length will be checked on the scales at weigh in and as the animal is in the chute before entering the show arena.

3. Market Swine must weigh 220 pounds and up.
4. Underweight Market Swine will be shown and graded in special classes and not allowed to compete for Grand Champion or sell, nor can they show in BBR classes.
5. There must be three per breed to be deemed champion. All classes with less will be combined into one class called All Other Breeds. The All Other Breeds Class may consist of less than 3 animals because breed papers have been registered with the Junior Fair office. If an animal does not have breed registration papers, it will be placed in the crossbred class.
6. Gilts shown in breeding classes are not to be shown as market hogs. There is to be no cross over from Junior to Senior Fair. Breeding is breeding and market is market.
7. Hogs are to show clean and with water only applied to the animal. No powders, paint, oil or adhesives.
8. Over the pen storage will be allowed but it is not to exceed the width of the pen. Storage units in the aisle must not interfere with the day-to-day business in the barn.
9. Swine projects will be dismissed from the fair after the last market hog has sold in the livestock sale. This includes both breeding and market. **No cleaning or moving out is to be done in the hog barn during the hog portion of the livestock sale.** This is to allow us to run a smooth sale without the complications of having too many people and activities in the barn at the same time.
10. During the Saturday Hog Show, all show/tack boxes and other equipment that are in the aisles of the hog barn will need to be removed by 2 pm and will not come back until after the show is complete.
11. **Extra people are discouraged from being in the barn on show day. 1 EXTRA PERSON PER EXHIBITOR.**
12. 2:3 Rule is used to help set classes for a show, a class must have 2 exhibitors and 3 animals. For BBR classes it will be by breed. For breeding swine, it will be by breed and age
13. Hoses are NOT permitted to be used in the Hog Barn for automatic waters.
14. **Breeding Swine** will be released between 9-11 pm on Sunday of the fair. If breeding swine does not go home at this time, they must wait until the rest of the barn is released on Sale Day.
15. The Market Hog show is a partial terminal show
16. **See General Livestock Rules and Tampering & Misrepresentation Guidelines found towards the front of the book**
